Effective January 1, 2016, the Government of Ontario is removing the Debt Retirement Charge (DRC) from certain residential electricity consumers' bills. Bulk metered multi-unit residential buildings are also eligible for a DRC exemption of up to 1,500 kWh per month per eligible residential unit.

In order to receive the DRC exemption, clients with an eligible bulk metered multi-residential building must notify their local distribution company (LDC). For information about the DRC exemption, visit enercare.ca/RegulatoryChanges. To assist clients, **Enercare will be managing the submission process on the client's behalf; however, clients must fully complete the DRC Self Declaration form as Enercare is not authorized to sign the form.**

Submitting Your Form to Enercare

Enercare requests for completed DRC Self Declaration forms to be submitted by November 15, 2015 in order to allow adequate time for review by Enercare and submission to the LDC. Provided that properly completed and executed forms are submitted to the LDC in advance of January 1, 2016, bulk bills should reflect the DRC exemption effective January 1, 2016.

Customers may qualify for a Debt Retirement Charge exemption on eligible residential units up to 1,500 kilowatt-hours (kWh) of monthly consumption multiplied by the number of residential units stated in the declaration form, if all of the following circumstances exist:

The account has to include at least one "eligible residential unit" to qualify for a reduction of the Debt Retirement Charge.

An eligible residential unit is:

1. A self-contained set of rooms located in a building or structure; and
2. Contains kitchen and bathroom facilities that are intended for the use of the unit only; and
3. Is used or intended for use as residential premises.

If you answered yes to all of the above, please fully complete and return this form as soon as possible to register your account for the Debt Retirement Charge exemption.
