Effective January 1, 2016, the Government of Ontario is removing the Debt Retirement Charge (DRC) from certain residential electricity consumers' bills. Bulk metered multi-unit residential buildings are also eligible for a DRC exemption of up to 1,500 kWh per month per eligible residential unit.

In order to receive the DRC exemption, clients with an eligible bulk metered multiresidential building must notify their local distribution company (LDC). For information about the DRC exemption, visit enercare.ca/RegulatoryChanges. To assist clients, Enercare will be managing the submission process on the client's behalf; however, clients must fully complete the DRC Self Declaration form as Enercare is not authorized to sign the form.

Submitting Your Form to Enercare

Enercare requests for completed DRC Self Declaration forms to be submitted by November 15, 2015 in order to allow adequate time for review by Enercare and submission to the LDC. Provided that properly completed and executed forms are submitted to the LDC in advance of January 1, 2016, bulk bills should reflect the DRC exemption effective January 1, 2016.
